WHAT I WENT THROUGH

Before taking Lydia E. Pinkham's Vegetable Compound.

Natick, Mass.—"I cannot express what I went through during the change of life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold, I had creepy sensations, and I could not sleep nights. I was finally told by two physicians that I also had a tumor. I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it had worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish my letter." **MRS. NARRAN B. GREARON, 51 N. Main Street, Natick, Mass.**

The Change of Life is the most critical period of a woman's existence. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

TRUSTEES GLAD THEY PAID MORE.
 The Trustees of Fair Ground, Cobleskill, N. Y. were glad to pay 15 cents a gallon more for Devoe; and no wonder, for other paint agents said it would take 150 gallons of their paint to cover the buildings.

The Devoe agent put it at 125 or less. It took 115.

Devoe saved them 35 gallons of paint and painting (worth \$4 to \$5 a gallon, as the painting costs two or three times as much as the paint) less 15 cents a gallon on 115 gallons. Say \$140.

That's how to count the cost of paint. The cost of putting it on is \$3 or \$4 a gallon. You see what that means. Go by Devoe.

OWN IDEA

Is Bound to Be Opposed by the Farmers' Union of Texas.

HOUSTON, Tex., Aug. 14.—A difficult situation arose within the ranks of the Farmers' Union of Texas when it found organized labor at the nation was against their plan of securing convict-operated rope factories in Texas to increase the consumption of cotton.

This has long been cherished by the Farmers' Union to promote the use of Texas cotton, which it hoped would cause an increase in price. It was proposed to place the factory near Houston in place of the dismantled convict iron plant at Rusk. The matter had gotten so far as the legislature when organized labor stepped in and placed thumbs down on the project.

At a recent meeting at Fort Worth W. H. Wisner, of New York, president of the United Garment Workers of America, voiced the protest of organized labor against the proposed venture, apprising the Farmers' Union of an ethical oversight. In consequence, if a rope factory is established near Houston it will be manned by union labor and not by convicts.
